Dear Cassandra,

Thank you very much for your email.

I use the form for extension under 37 CFR 1.136 (b) which seems to me be the best, not any form being specified in MPEP 710.06 I.

(A) The petition is filed within 2 weeks of the date of receipt of the Office Action.

The 9/13/2008 I have received an Office Action mailed on 4/30/2008.

This Office Action was received on 9/09/2008 by the post office of my former address, and my new address was hand written on the envelope which arrived in my new address on 9/13/2008, that is after 4 days.

(B) A substantial portion of the set reply period had elapsed on the date of receipt.

This receipt is in the fifth month of the mail date, and an extension of time costs \$1.115. This is very expensive for me.

So, I ask for an extension of time of 1 month, the date of arrival 9/09/2008 becoming the mail date.

Under this view, the time period for reply of 1 month goes to 10/09/2008, and with an extension of time of 1 month, this time period goes to 11/09/2008.

(C) The date of receipt by the Post Office of Vélizy is printed on the back of the envelope.

This is the normal procedure to avoid confusion with the departure date which is on the main side of the envelope, when it is.

It is so not possible to see simultaneously the address and the date of receipt, and more, the correspondence address is not "stamped" on the envelope, since this address is on independent sheet visible through the window of the envelope (big yellow envelope).

I add the photocopies of the main face and of the back face.

I add also copy of form PTOL-90A with the mailed date.

I think that is the same thing in the USA, with stamped letter, the date on the stamp being the departure date, and the date of receipt, if it is, is on the back of the envelope.

Might I say something ?

The air carrier who had carried the Office Action without stamped date, does not take any responsibility for reasonable time, nor towards USPTO, nor towards applicant.

I ask for name and address of this firm to take contact with it and to ask for reimbursement of fee under 37 CFR 1.17(g) (\$200), and other damages, for example significant increase of the delay of procedure.

Guardian Angel Cassandra, the program of sending outgoing correspondence notification by email seems not applicable to PCT applications.

"Patent Cooperation Treaty applications will not be included in this pilot"

Once more thank you!

Goulven
